

FLAGSHIP AI MOTO CAMPAIGN

Premium Cinematic AI Experience
for Global Brands and Luxury Markets

263M+
Viral Reel Views

1B+
Total Organic Reach

LIBRIA AI

POSITIONING

We create the world's most viral AI motorcycle cinematics.

Our record: **263M views** from a single cinematic reel.

A proprietary cinematic format with no direct equivalent globally.

WHAT THE FLAGSHIP CAMPAIGN INCLUDES

- 8 cinematic AI motorcycle reels
- 20-second cinematic format optimized for social media
- POV-driven visual storytelling
- Integrated brand narrative
- 4–5 week production timeline

One cinematic release. A complete campaign.

BRAND RESULTS

- Viral-level attention at scale
- Elevated premium brand perception
- Guaranteed reach via cinematic format
- 8-piece flagship campaign structure
- Collab publishing on your channel and ours

You are not buying videos.
You are acquiring attention.

BRAND COMPATIBILITY

- Fashion and apparel brands
- Watches, jewelry, and accessories
- Automotive and mobility brands
- Technology and consumer electronics
- Luxury lifestyle products and services
- Real estate and premium developments
- Hospitality, resorts, and destinations

Any brand seeking premium attention at scale.

WHY IT WORKS

- Cinematic POV creates instant viewer immersion
- Motion-driven visuals outperform static advertising
- AI enables scenes impossible in traditional production
- Built for algorithmic amplification
- Attention-first structure, not influencer storytelling

A cinematic format engineered for attention at scale.

WHY WE ARE DIFFERENT

Traditional production
and CGI studios:

- High costs and long production cycles
- No guaranteed reach
- Focus on visuals, not distribution
- Limited scalability

LIBRIANAI:

- Fast, AI-powered cinematic production
- Designed for viral distribution
- **500K–1M guaranteed views**
- A complete attention-driven format

We do not sell production. We sell attention.

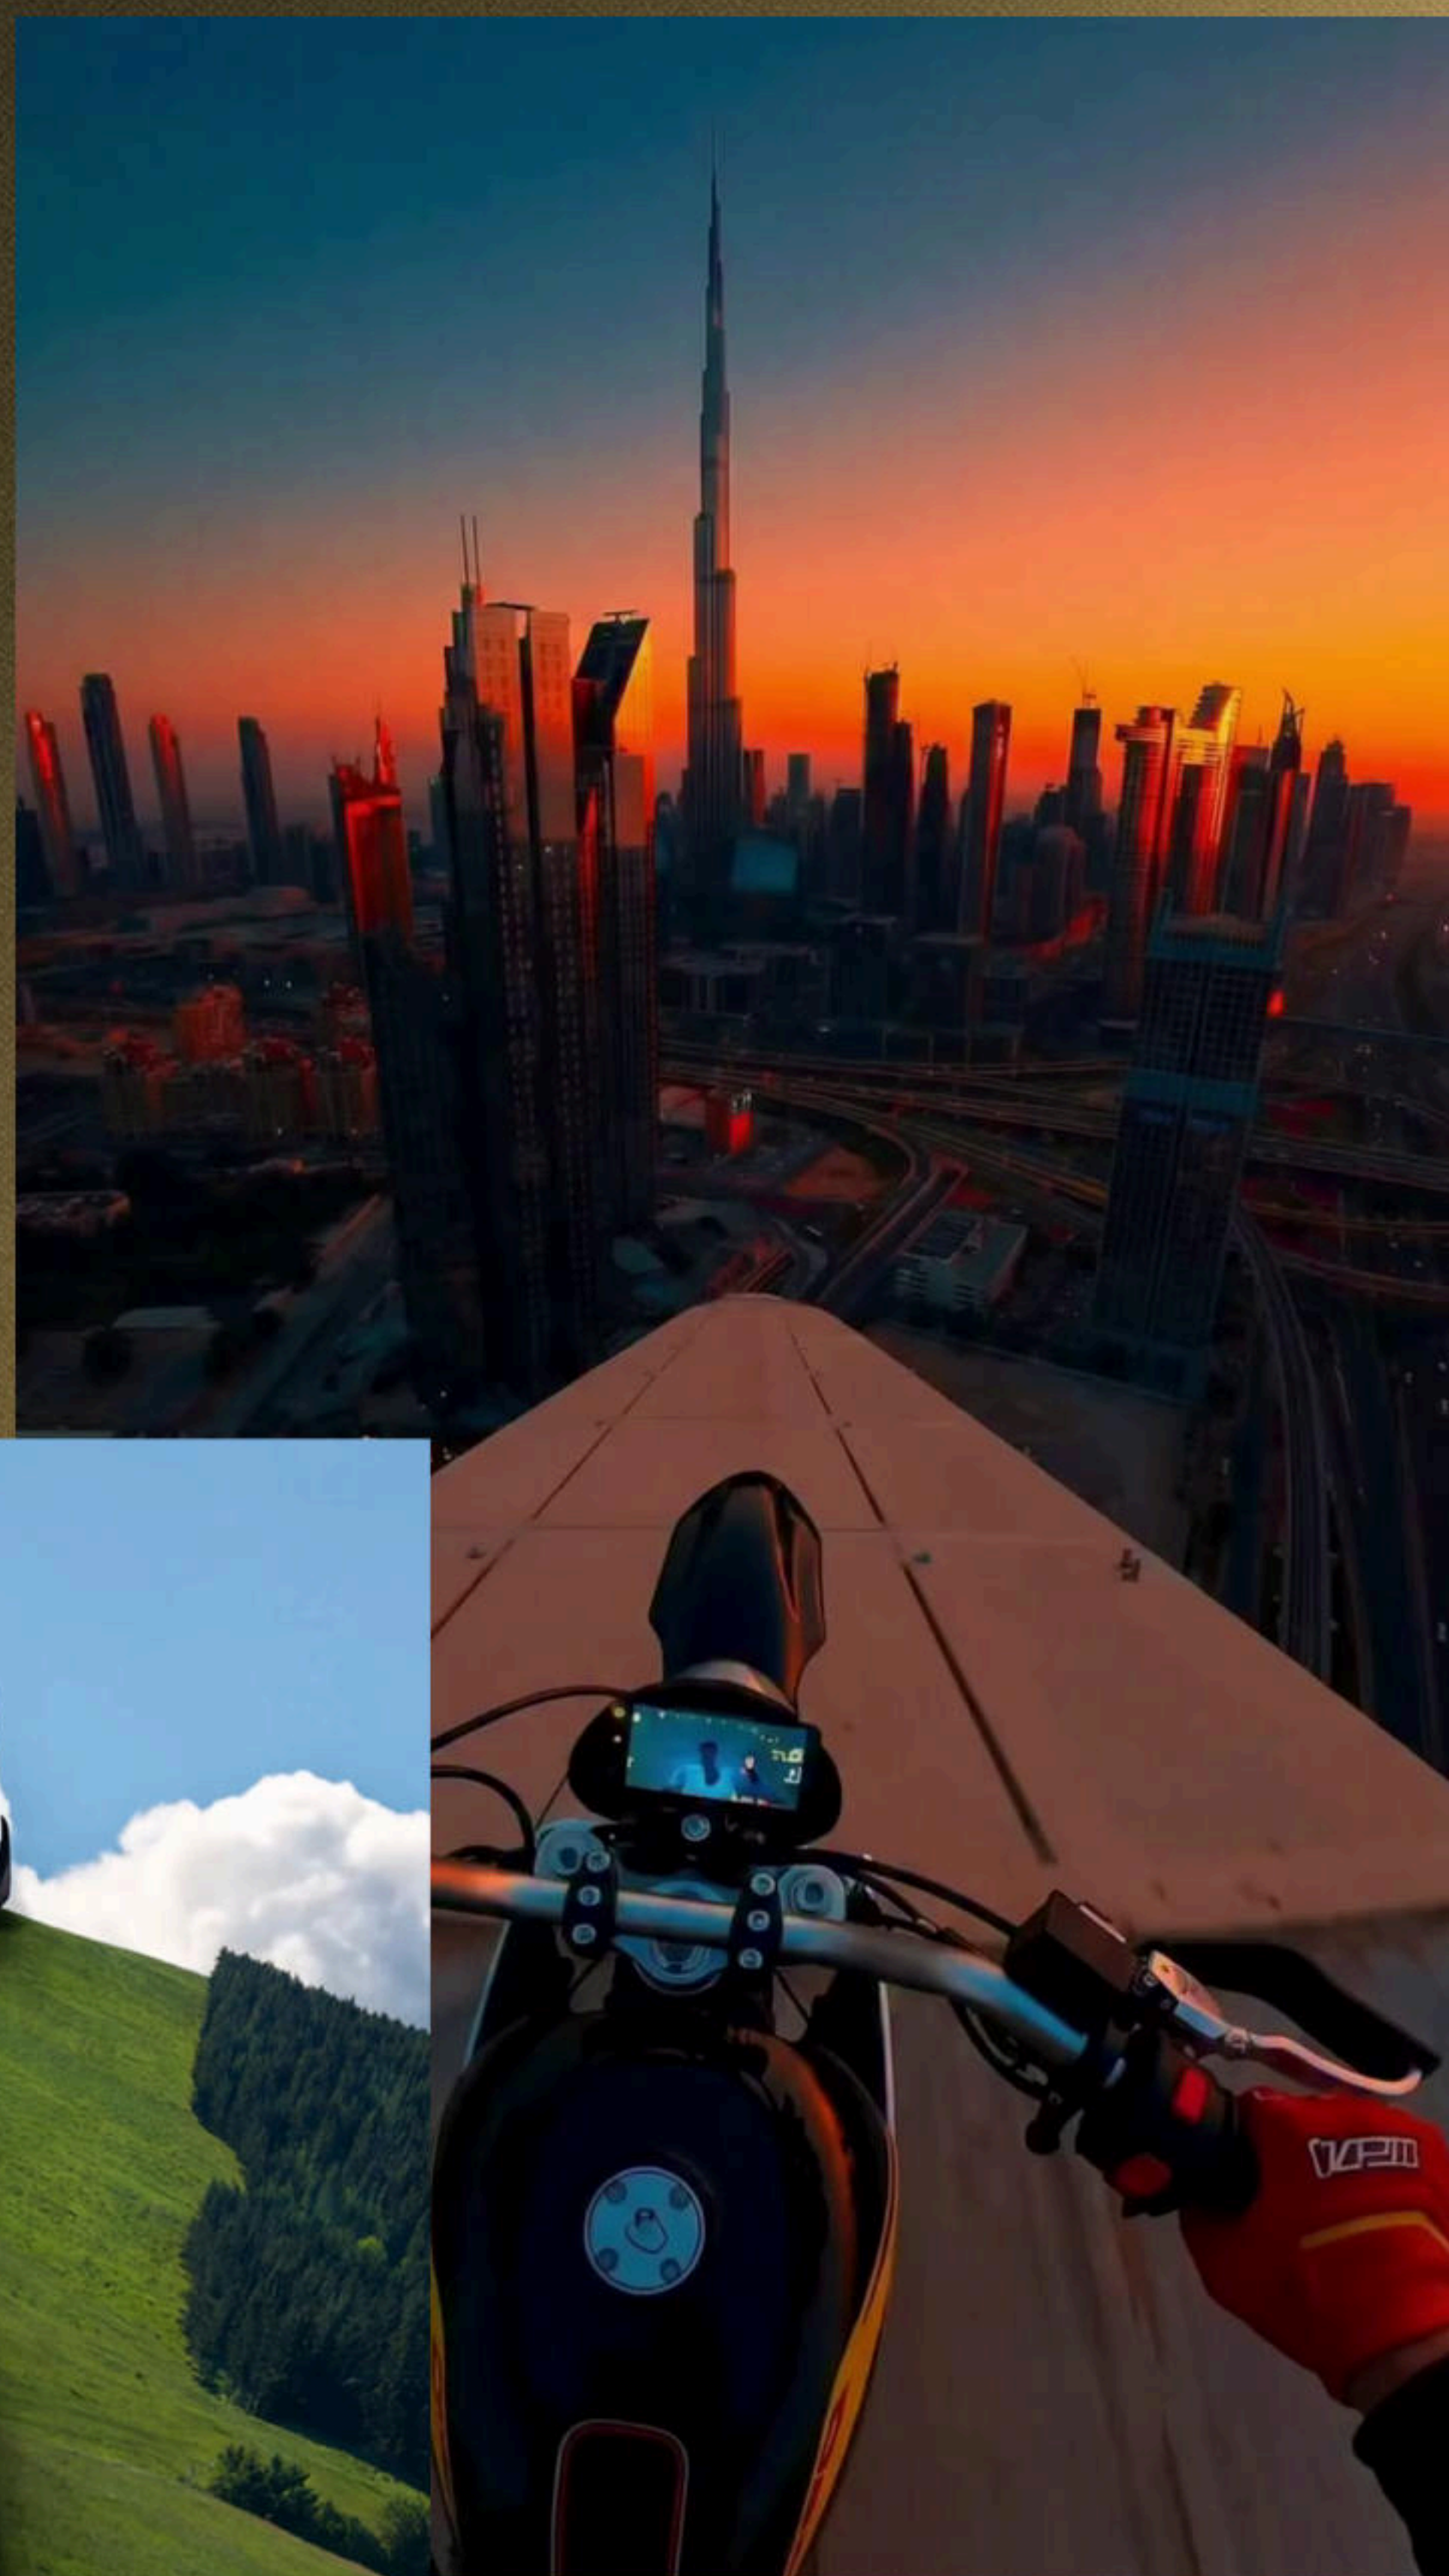

ONE POV FORMAT. MULTIPLE BRAND INTEGRATIONS

ONE POV FORMAT. MULTIPLE BRAND INTEGRATIONS

RECENT PERFORMANCE

Organic POV reels - last months

On average, one in ten POV reels exceeds 1M organic views.

PROCESS

1. Brand briefing and objectives
2. Creative direction and POV concept
3. Scene and integration design
4. AI cinematic production
5. Review and refinements
6. Collab publishing and distribution

A controlled, end-to-end
cinematic process.

FLAGSHIP STRUCTURE

- 8 premium cinematic POV reels
- 20-second flagship format
- Branded storylines and integrations
 - POV-driven visual language
 - Coordinated collab publishing
 - 4–5 week production timeline
 - Guaranteed minimum reach

A complete cinematic campaign,
designed as a single flagship release.

PUBLISHING & PERFORMANCE LOGIC

1. Order

The brand confirms participation and campaign objectives.

2. Alignment

Creative direction, POV concept, and publishing format are agreed in advance.

3. Publishing

We publish 1–2 cinematic reels per week on Instagram.

Publishing options:

Collaboration publishing

The reel is released as an Instagram Collab and appears simultaneously on both our account and the brand's account, creating shared distribution and amplified reach.

Parallel publishing

The reel is published on both accounts separately, without using the Collab feature.

4. Guaranteed Performance

We guarantee a minimum total reach of 500,000 views across the campaign.

If the minimum guaranteed reach is not achieved, we continue publishing additional reels until the threshold is met.

5. Viral Objective (Non-Guaranteed)

Our creative objective is to consistently produce reels with the potential to reach tens of millions of organic views and spread regionally.

While viral outcomes are not guaranteed, they are actively pursued across the campaign through format design, creative iteration, and publishing strategy.

6. Content Usage

The brand may freely publish the reels across all other social platforms.

The vertical 9:16 format is fully compatible with Instagram, TikTok, Shorts, and similar platforms.

Additional benefits

- Organic reach only, no paid ads
- Full content reuse rights
- Platform-agnostic short-form format
- Fully managed execution across the campaign

A controlled, end-to-end cinematic process.

INVESTMENT

Flagship campaign investment
starts from \$75,000

A cinematic AI campaign with guaranteed
reach and full brand integration.

“An investment into attention, not production.”

LITE CAMPAIGN

Cinematic AI brand
campaign starts from \$8,000

2–3 cinematic AI POV reels
20-second viral format
Target organic reach: 200K+ views

“Test the cinematic POV format without a flagship commitment.”

that defines your brand.

@libriana8

THE ADVANTAGE OF BEING FIRST

Brands don't win by following trends.
They win by creating them.

We build cinematic POV content
designed for viral reach.

Stay ahead. Not in trend. Before it.
